EDUCATION

Obafemi Awolowo University

Bachelor of Science in Engineering Physics

Ile-Ife, Nigeria

Oct. 2024 - Present (Expected 2028)

EXPERIENCE

Frontend Developer

Dec. 2025 - Feb. 2026

Maveez

Remote

- Designed and developed a full e-commerce storefront for a hair vendor, enabling seamless online ordering with a polished, conversion-optimised UI.
- Built smooth, interactive animations using Framer Motion and TypeScript to elevate the browsing and checkout experience.
- Collaborated closely with the client to translate business requirements into a performant, mobile-responsive web application.

Freelance Frontend Developer

Nov. 2025 - Jan. 2026

Self-employed

Remote

- Delivered custom web application interfaces for clients using Next.js, Shadcn/ui, and TypeScript.
- Built reusable component libraries and integrated third-party APIs to accelerate development across multiple projects.
- Leveraged Three.js to produce interactive 3D visuals and engaging user experiences for client websites.

PROJECTS

TickrPay | Next.js, Supabase, TypeScript

Jan. 2025 - Present

- Built a full-stack event ticketing platform with secure payment flows, ticket generation, and real-time seat availability.
- Integrated Supabase for authentication and database management, enabling scalable event and attendee data handling.

Nova | Next.js, Shadcn/ui, TypeScript

Jan. 2026 - Present

- Developed a unified banking dashboard that aggregates multiple financial accounts into a single, intuitive interface.
- Designed a clean, accessible UI using Shadcn/ui components with a focus on clarity and ease of navigation.

FinSnap | Next.js, TypeScript

Feb. 2025

- Created a personal finance snapshot tracker that visualises spending patterns and financial health at a glance.
- Implemented data parsing and dynamic chart rendering to give users immediate, actionable insight into their finances.

TECHNICAL SKILLS

Languages: TypeScript, JavaScript, SQL, HTML/CSS

Frameworks: React, Next.js, Node.js, Tailwind CSS, Framer Motion, Three.js

Developer Tools: Git, Supabase, MongoDB, VS Code

Libraries/UI: Shadcn/ui, Lucide React
